CS indicates I'm sending emails to the 8 consulting tribes and you are sending to the remaining tribes – is that correct?

Thanks
D

Hi Darcy: please see my responses/edits to your comments (Version 2) and let me know if you have further input before sharing the attached clean version 2 with Deb (I kept the highlighted text of current revisions).

Beyond sending you the final permits and AE ROD for pdf signature tomorrow, we are working to provide you the following for your emails to the 38 tribal leaders: 1) tribal consultation conclusion letter; 2) RTC; 3) email addresses (included in each letter); and 4) brief standard language to include in these emails. Your emails will need to be saved as pdfs for our Administrative Record to document compliance with our Consultation Policy.

Douglas

Thanks. Can I tell Deb in SLT this morning that we will be able to get the communication strategy to her late today?

Thanks, Darcy – I was speaking from memory this morning, and I shouldn't do that b/c my memory is pretty unreliable. 😊 I think what is included in the contact matrix in the comm strat is sufficient. We have plans for Lucita to call their attorney, as well as the emails going to various tribal contacts. I do not think Deb needs to call the OST president.

We'll get you the emails – Omar has been working on updating those.

Thanks,
Sarah

Thanks. I have a couple of questions and made some edits, please take a look.

Looks like Deb is slated to call Hunter; Sarah you mentioned also having her call the OST Tribal President, however it's not included in the strategy. If we do have Deb call, she will need a script for that discussion.

If I could also get the tribal chair emails for those that I'm sending, that would be great. I don't think I sent out these emails for the 2019 draft permits, but I know it was a nightmare trying to get the right ones for the 2017 permits.

Let me know if you have questions or need more info from me.

Thanks!
D

Hi Darcy: here is a final draft version for your review. I went through and highlighted (in yellow) sections that were significantly updated/added since we issued the 2019 draft permits. The NRC Q and As were acceptable to their staff/management.

Let me know if you have questions, etc.

Thanks,

Douglas
